To: Mayor Robertson  
City Council members  
Utility Board Members

From: Thomas Lawrence – Landfill Leadman

Subject: Tire disposal increase at landfill

In this proposal, commercial businesses will be charged \$240.00 per ton for tire disposal. At this time the private residents will not be charged for bringing in tires. We are working on getting the Green Up Program running again. If the Green Up Program does not come back, we may look at charging the private residents for disposal.

We are also proposing for businesses to have a \$5.00 minimum fee for all commercial waste brought in.
